At the ’68 Center for Career Exploration, we empower students to explore, define, and achieve their post-graduate goals. We believe all students need a way to find out what they are interested in and how to pursue those interests with confidence and excitement! We’re your one-stop-shop for career exploration, internship and job searching, resume critiques, interviewing advice and networking.

**Arts, Communications, & Technology (ACT) Career Community**  
Kristen McCormack, Assistant Director · (413) 597-3019 · kmccorma@williams.edu

Careers in technology and creative industries are some of the most dynamic and wide-ranging. In these fields, students are asked to employ creativity and design thinking with your liberal arts strengths: writing, research, and critical thinking.

**Business Career Community**  
Robin Meyer, Associate Director/Director · (413) 597-3928 · rmeyer@williams.edu

“Business” offers a vast array of opportunities to choose from and is represented within almost any field or organization imaginable, which makes it a popular choice for Williams graduates.

**Careers with Social Impact (CSI) Career Community**  
Anthony Pernell, Associate Director/Director · (413) 597-3356 · amp15@williams.edu

Careers with social impact are challenging, yet rewarding, contributing to entire populations in seen and unseen ways. Whether students are interested in policy research, law, nonprofit fundraising or advocacy, we’re here to help you explore the many careers that shape our society and our way of life.

**Education Career Community & Career Preparation**  
Emma Cutrufello, Associate Director/Director · (413) 597-4349 · ec16@williams.edu

Education is one of the largest fields of employment for Williams graduates. Many students choose to share their love of learning with others and reap the personal and professional rewards of education-related careers. If students are considering teaching, school administration, research, working at a college or university, or graduate school/certification we will help you gain the tools needed to succeed.

**Entrepreneurship & Startups Career Community**  
Tonio Palmer, Associate Director/Director of Entrepreneurship (413) 597-2742 · twp1@williams.edu

The Entrepreneurship@Williams program aims to build and practice creativity in problem-solving to foster entrepreneurship. This program helps students extend the knowledge and skills they have acquired in the classroom to real life to become the next generation of thinkers and doers.

**Science & Health Professions Career Community**  
Rebecca Counter, Associate Director/Director · (413) 597-2598 · rc11@williams.edu

We serve current students & alumni at all stages of their exploration of careers in health professions or sciences. We offer academic advising, resume and letter preparation for summer and postgraduate opportunities, and counseling during every step of the application process to a professional school. Preparation is key to success.
